

60121-013

REMARKS

Claims 30-44 remain in this application. Claims 30, 31, 33, 34, 36 and 37 have been amended, claim 32 has been cancelled, and claims 39-44 have been added.

The specification has also been amended, and a new paragraph has been added. Support for this amendment is found in Figure 1. Figure 1 illustrates a generally rectangular mirror having a longer dimension and a smaller dimension. Figure 6 and the paragraph beginning on page 9, line 1, supports the recitation that the mirror extends generally vertically. No new matter is added.

Applicant has filed an Information Disclosure Statement by mail on April 23, 2004 separately from this amendment that cites JP 1-273743. None of the references, including the Japanese reference cited with this amendment, disclose a mirror having a longer dimension extending generally parallel to a horizontal plane when in an inboard position and extending generally vertical when in an outboard position with the outboard position being pivoted away from the vehicle as claimed. None of the references also disclose a retainer ring axially received on a post as recited in claim 41. The references also do not disclose a first detent that defines an inboard position and a second detent that defines an outboard position as recited in claim 42.

Examination of the application is requested. No additional fees are seen to be required. If any additional fees are due, however, the Commissioner is authorized to charge Deposit Account No. 50-1482, in the name of Carlson, Gaskey & Olds, P.C., for any additional fees or credit the account for any overpayment.

Respectfully Submitted,

CARLSON, GASKEY & OLDS, P.C.
